EGGS

are bringing fancy prices. Early spring pullets should be "cackling" these warm days. If they are not, why not? Experienced poultrymen say theirs are. The reason that theirs are producing eggs is that they are giving their hens plenty of "Page's Poultry Food," also ground green "Alfalfa," Meat Meal, Mica Crystal Grit, Cracked Bone, Oyster Shells, Sunflower Seed, etc., all of which we carry in full stock, at the lowest prices for the best grades. Also have in stock "Weare's Poultry Powder," "Empire Egg Food," "Columbian Condition Powder," "Lord's Prolific Poultry Powder," etc.
